About Bedtex Mattress

Bedtex ...

is a company, founded in 2010 in Bursa/Turkey, mainly produce mattress, mattress covers and products related to bedding. Our products are processed by modern production facilities with great value and precision.

As Bedtex, we currently have 2000 m2 production site which includes 60 employees, 40 sewing machines, 4 electronic quilting machines.

Within that framework, our yearly mattress cover capacity is over 350,000 that includes different sizes and models.

Our products are processed with the utmost care and precision in the most modern production plants.

We mainly offer for our customers the products with superior quality for high performance which covers satisfying price level in the market.

Besides, we provide for our customers unique design and professional processing high-quality products with a reliable and fast delivery.

Our guiding principle is customer orientation, customer satisfaction and punctuality as well as the pursuit of quality in all functions of our company.

We basically combine both low cost and flexible options of the Turkish textile market with the European quality and reliability requirements.

In that respect, in terms of the mattress covers and bedding products, our company aims to provide for the customers the best option in the international market.

We as Bedtex offer our customers:

- Optimal price and performance
- Excellent quality
- Delivery in time
- Expert advice by professional staff
- Ideas, conception and design
